About Bike to the Future

BttF is an all-volunteer, non-profit group that works with the City of Winnipeg, the Province, active transportation oriented groups and others to speak for cyclists to ensure that we can get around Winnipeg quickly and safely. More members gives BttF, and cyclists in the city, a greater voice when we are advocating for improvements in cycling infrastructure, services and safety.

What We Want for Winnipeg

BttF advocates for improved and well connected bicycle routes throughout the city, respect for cyclists on city streets, improved driver education for both cyclists and motorists, improved safety for cyclists, and consideration of cycling needs in transportation planning.
